

MUCH BUILDING ACTIVITY SHOWN

Permits for First Week in March Represent Expenditures of \$303,000.

OUTLOOK VERY PROMISING

REVIEW OF THE CONSTRUCTION WORK NOW IN PROGRESS.

The building inspector has had one of his best weeks since the first of the year. He issued twenty permits which represent a total value of new buildings of \$303,000, which puts him well on the heels of March of last year with only one week of the month passed. March of 1908 was a big month, but the present month will, by present indications, far exceed its figures. The permits issued during the week are:

Paul Paine, Seventh North and Twelfth West streets, one-story frame addition to cost, \$4,200	4,200
Sarah A. McCrystal, 20-22 South Main street, three-story brick to cost, 60,000	60,000
Mrs. James West, 2 West Court street, addition one-story brick dwelling to cost, 100	100
Mary E. Richey, 27-29 Laurel avenue, one-story double brick dwelling to cost, 3,000	3,000
P. J. Moran, 321 South Seventh West street, one-story brick machine shop, to cost, 5,000	5,000
Daynes, Jewell Co., 128 S. Main street, new front, to cost, 600	600

Building Operations Reviewed.

According to builders, contractors and architects this city is experiencing at present a period of construction and building of unprecedented magnitude, especially in the office building line, and the demand for office space seems to be none the less on the decrease.

Several new structures, representing an expenditure of about \$1,500,000, are ready for occupancy or will be completed within a short time. Most of these have been under construction for the past six months or upwards of a year, but the fact that they are now nearly ready to house many office tenants seems to have no bad effects on the spring building impetus.

It is stated by building and real estate men that the present demand for office and store space has been set at its present lively pace by the eastern manufacturers' agents and wholesale firms seeking an outlet for their wares in the territory centered by Salt Lake City. Already many new firms coming to this city are numbered among the business houses of Salt Lake. Quiet but firm effort is being made to center the wholesale dry goods and notions and builders' specialties business on West Temple street. The completion of the L. & A. Simon building is the first important stride to this end. Now also is the new Jennings-Worthington building, now in course of construction, open to tenants of that class.

Simon Building Tenanted.

The Simon building, which has just been completed and tenanted, was built with five floors and basement and each floor divided into three sections. Thus each story is divided into three distinct floors. Occupying this building are the L. Cline & Bros., with a stock of wholesale notions and stationery, and two floors and a basement. The stock of the L. & A. Simon company occupies four floors and a basement. The wholesale firm of Rosenbaum Bros., dealers in clothing, covers five floors and a basement. The structure was built at a cost of \$125,000 and is a proof material. Adjoining this is the Jennings-Worthington building, which while originally planned for a hotel, is now being converted into a building for wholesale purposes. This structure when complete will be in the neighborhood of \$200,000. It is being constructed of reinforced concrete.

Other buildings just completed are the new two-story brick building occupied by the Joseph Nelson Supply company. This one is located at 150-5 West First South and was built by the Francis Armstrong estate. It is now under lease to the present tenants for a period of ten years. The Western Moline Plow company is just now taking possession of quarters at 142-143 South State street, built especially for that concern by Mrs. George A. Love and is a mill construction brick building. In addition to this new space the company will continue in its old quarters, using them as a warehouse.

Among the buildings now nearing completion are the Newhouse office buildings, costing in round numbers \$1,000,000; the large warehouse of the Salt Lake Hardware company, north of the Oregon Short line viaduct, valued at \$300,000, and the new sheds and warehouse of the Utah Lumber company.

Mormon Church Buildings.

Work on the administration building of the Mormon church is going steadily forward except where minor delays occur from lack of material. Contractors do not complain of any scarcity of labor in any line. After a short delay in the letting of the bids for the mason work on the new gymnasium at the L. D. S. university, Architect Cannon states that work will be rushed to the finish. The steel work is about complete and it is expected that the place will be ready for occupancy by the first of the year, or at least by the beginning of the next school year. The construction of these two buildings will represent an expenditure of \$300,000.

Steel is rising for the Vermont building, a new six-story brick and steel structure to be used for office purposes and costing \$165,000. This will occupy a lot 100x39 feet on South Temple street just opposite the temple grounds. This building will have about 125 rooms, large and modern in every respect, and the upper floor will be converted into a music room.

The Morrison-Merrill Lumber company will soon have completed its new structure at First North and Third West streets. It will be of mill construction and will cost \$100,000.

The building on West Second South, which will be called the Syndicate block and which has been leased to the Smith-Bailey Drug company and Fairbanks-Morse & Co., is progressing with all possible speed. The steel work is now nearly done and the brick work is done to the second floor. It is expected that the building will be occupied by the first of May of this year. This is of brick, stone and steel and it will be equipped in the most modern manner. It will cost \$100,000.

An entirely new building, the excavation of which is now being made, is the McCrystal building on Main street between South Temple and First South. This is to be an up-to-date apartment house of fireproof construction costing \$60,000. It will be three stories with basement.

COUNTRY CLUB'S NEW CUP

Above is a reproduction of the permanent golf championship challenge cup, which has been presented to the Country club of Salt Lake by D. C. Jackling. The cup stands 14 inches in height and is ten inches in diameter. It is made of heavy silver, mounted on a beautiful frame of mahogany. The cup is considered one of the finest trophies ever brought to this city. The cup will remain permanently in the possession of the club, and each year the name of the winner of the golf championship will be engraved on it. A complete record will thus be kept of the champions from year to year.

ACTOR ASKS BIG DAMAGES

Wealthy Woman Arrested on Charge of Alienating Another Woman's Affections.

New York, March 6.—Mrs. Ethel Martha Clary, said to be wealthy, and prominent in social circles here, was arrested today as she was about to sail for Europe on the Atlantic transport line steamship Minnehaha, on complaint of William Stuart, an actor, who charges her with alienating his wife's affections.

In the affidavit accompanying the complaint, Mr. Stuart, who demands damages of \$50,000, alleged that his wife was being taken to Europe by Mrs. Clary against his consent.

A number of letters which Mr. Stuart declares were written by Mrs. Clary to his wife form part of the evidence submitted. Mrs. Clary, who protested indignantly against being taken from aboard the steamer, was released upon furnishing \$2,000 cash bail, but too late to continue on her intended voyage.

In his affidavit Mr. Stuart sets forth that his wife, Anna Hortinger Stuart, an actress, "came under the wrongful, malicious and wicked influence and advice" of Mrs. Clary.

THE DEATH RECORD.

J. W. Blythe.

Des Moines, Ia., March 6.—J. W. Blythe of Burlington, Ia., general counsel of the Chicago, Burlington & Quincy railway, dropped dead this morning at Wapello, a country place near here, while hunting. Mr. Blythe was 59 years old.

Mr. Blythe was administrator for the estate of C. E. Perkins, former president of the Burlington system, and a son-in-law of the late ex-Senator John Gear. In politics he was regarded as the state leader of the Iowa stand-patters.

Mrs. Mary Haight Phelps.

Burlington, Vt., March 6.—Mrs. Mary Haight Phelps, widow of Edward J. Phelps, minister to Great Britain during the first Cleveland administration, and for many years professor of international law at Yale university, died today, aged 82.

Captain John Tapper.

Minneapolis, Minn., March 6.—Captain John Tapper, who came to Minnesota about the name of Minnesota had been suggested, and who helped to build the first house on the sight of Minneapolis, died last night at Villard, Minn., aged 89 years.

GRAFT SUSPECTED.

Chicago, March 6.—The Record-Herald separate investigations to find big graft in the expenditure of the \$25,000,000 for the rehabilitation of Chicago's car lines have been undertaken. The first was conducted by J. Pierpont Morgan, but has disclosed no irregularities. In the affairs of the Chicago City Railway company, of which he is a large stockholder, the second inquiry was begun by the board of supervising engineers. Now Mayor Busse has started a third investigation on the theory that rebates had been given in the purchase of cars and other material, which have not been credited so that the city gets its per cent of benefit, as required by law.

SUDDEN INSANITY.

Cincinnati, O., March 6.—While being shaved in Bromley, Ky., tonight, Joseph Stotzer jumped from the barber chair, and before any one could interfere cut his throat from ear to ear, dying almost immediately.

SCHEME OF CASTRO.

May Go to Nicaragua to Plan Entry into Venezuela.

Paris, March 6.—Senor Jose Paul, the Venezuelan envoy to Europe, has left here for Berlin. He is authority for the statement that President Gomez has forbidden both Cipriano Castro and his wife to enter Venezuela. He is of the opinion that Castro will proceed from Europe to Nicaragua to consult with President Zelaya of that country, hoping to get in touch with his partisans in Venezuela from Nicaragua.

M. Brun, director of the French Cable company, that was expelled from Venezuela some time ago by President Castro, has left France on board the steamer Guadalupe for La Guayana and Caracas, with full power to treat directly with the Venezuelan government in settling the dispute with the cable company.

GERMANY SUSPECTS OUR GOOD INTENTIONS

Berlin, March 6.—The proposal made in Washington to send a special commission to Liberia to investigate conditions there has aroused suspicion in some German trading circles as to whether the United States does not mediate the ultimate annexation of this republic after first assuming a protectorate over it. The Rhenish Westphalian Gazette, which represents manufacturing and commercial interests, alludes to what it calls the American policy of conquest, and warns the German government to be watchful.

The foreign office has been fully informed of the conditions that led to the proposal to send out this American commission.

MURRAY.

The funeral for the infant son of Mr. and Mrs. William H. North, who died Wednesday from whooping cough, was held at the family residence yesterday at 2 o'clock. The body was buried in the South Cottonwood cemetery.

J. Stevens, a young man of Murray, was yesterday fined \$10 by Judge C. H. Banks of the city court. Stevens was charged with assault and battery upon the person of C. Turner, an aged resident of that place.

Judge Banks yesterday fined Mike Morich \$15 and George Marich \$25. They are the Austrians who shot up State street last night. The boys were armed with revolvers and a good supply of refreshments was found about their persons. They had to be severely clubbed before they could be taken to the bastille.

C. F. Stevens was given thirty days in the Murray jail and also fined \$3 for carrying concealed weapons. About four months ago with a companion he endeavored to raid the Murray State bank. They would have been successful but for the timely arrival of Deputy Sheriff Sam Lindsey, who was the only aseptic person able to apprehend his companion. On trial Stevens was convicted on one count only, that of burglary. When released from the county jail yesterday Marshall Mauss rearrested him on the other charge. His trial was before Judge C. H. Banks of the Murray city court.

Professor John P. Meakin will give a lecture at the Murray First ward chapel this evening under the auspices of the Murray First ward Y. M. and Y. L. M. I. A.

Lund school, in the vicinity of Murray, now has nine boys enrolled. On the opening of the school, a few weeks ago, but one boy was an attendant. Sunday school is held every Sunday morning and during the afternoon the boys are allowed to roam about the grounds. During the week school is held in the forenoon and the work of the afternoon is on the farm. As the school contemplates raising its own garden truck this summer plenty of work is in prospect.

IN "CHEROKEE STRIP."

New Republican Senators Separated From Party Colleagues.

Washington, March 6.—The changes in the Republican membership of the Sixty-first congress caused quite a shifting about. Some of the Republican senators, because of the uneven division of parties, have been seated in what is known as the "Cherokee strip," a portion of the Democratic side on the extreme right of the vice president, in which new senators are located. Senators Cummins, Borah, Page, Brown, Briggs, Bourne, Burkett, Dixon and Guggenheim, who had occupied seats there, were given an opportunity yesterday to remove to the Republican side, where they are now seated. Senator Elkins moved to the front row on the Republican side, occupying the seat of Senator Platt.

Senators Root, Burton and Bristow were given places in the Cherokee strip where, among other senators of the majority, they are separated from the main body of their Republican colleagues.

TARIFF POINTER.

Washington, March 6.—A resolution of inquiry introduced today by Mr. Gallinger and agreed to, directs the secretary of state to "procure all available information relating to the practice of foreign-ers selling goods in this country at a price lower than the domestic price set," and to communicate this information to the senate.

CLEAR THE COMPLEXION OVERNIGHT

Pimples, Rash, Eruptions, Etc. Quickly Eradicated by New Skin Remedy.

Since its discovery one year ago, psoriasis, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialist who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with its first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use psoriasis for these minor skin troubles can now avail themselves of the special 50-cent package, recently adopted to meet such needs. Both the 50-cent package and the regular \$2 jar may now be obtained in Salt Lake City at the F. J. Hill Drug Co., and other leading drug stores.

Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 52 West Twenty-fifth street, New York City.
